

Michal Becmer

GAME DEVELOPER | C++ | UNITY | UNREAL ENGINE

Dundalk / Ireland • +353 086 032 3137 • michalcloud2003@gmail.com • LinkedIn • GitHub • Portfolio

PROFILE

Motivated Game Developer with a strong foundation in C++ and experience building gameplay systems, graphics applications and interactive experiences using Unity, Unreal Engine and OpenGL. Passionate about gameplay programming, systems architecture, graphics programming and creating polished player experiences.

Technical Skills

Programming: C++, C#, Python

Engines: Unity, Unreal Engine 5

Graphics: OpenGL, GLSL, Shader Development, Rendering

Game Development: Gameplay Programming, Systems Architecture, AI, UI, Input Systems, 3D Development

Networking: UDP/TCP, Client/Server Architecture, Multiplayer Systems

Tools: Visual Studio, Git, GitHub

EDUCATION

BSc (Hons) Computing in Games Development | Dundalk Institute of Technology (DKIT), Ireland
2022 – 2026

- Relevant areas: C++ Programming, Multiplayer Networking, 3D & 2D Game Development, Graphics Programming

SELECTED PROJECTS

Girl's Plan — Lead Programmer/Unity 6/ C#

Lead Programmer on a Unity 6 educational board game for Plan International Belgium, developing scalable gameplay systems, local 2–4 player co-op, minigames, and multilingual support.

Black Hole Simulation — C++ / OpenGL

Developed a real-time C++/OpenGL black hole simulation using GPU compute shaders and RK4 raytracing to render gravitational lensing, relativistic Doppler effects, an accretion disk, and curved spacetime.

Solas — Unreal Engine

Led programming and Niagara VFX for a 6-person Unreal Engine 5.6 action-adventure, developing modular AI, combat, lock-on, save/load systems, and optimized real-time visual effects using Blueprints and Niagara.

EXPERIENCE

Lead Programmer — Plan International Belgium | 01/02/2025 – 01/07/2025

- Led Unity programming and game development for *Girls Plan*, an educational game promoting gender rights and equality.
- Collaborated with a six-person team, conducted user testing in local schools, and helped manage the project budget while balancing creative, technical and financial requirements.

Food & Beverage Assistant — Ballymascanlon Hotel & Golf Resort | 01/08/2024 – Current

- Worked in a busy four-star hospitality environment, developing strong communication, teamwork and organizational skills while delivering high-quality guest service.
- Collaborated closely with colleagues across front-of-house and kitchen teams, adapting quickly to changing demands and maintaining attention to detail under pressure.

ADDITIONAL

Languages: English, Polish

Interests: Game development, graphics programming, game technology
